The Mountain States Telephone and Telegraph Company

GENERAL NOTICES

EMERGENCY CALLS

If for any reason you are unable to call the Fire or Police Departments by number, simply tell the operator "Fire Department" or "Police Department," as the case may be.

TELEPHONE COMPANY CALLS

Manager—For Applications, Adjustments, Bills, Collections, Directory Listings, Move Orders, Changes of Service and Service Criticisms.

Repair Clerk—To report a Telephone out of order.

Chief Operator—To obtain assistance in completing a call or to report unsatisfactory service on a call in process of completion or just completed.

SERVICE REPORTS

Our aim is to furnish satisfactory service to our subscribers. Unfortunately, errors will occur, and we will consider it a favor on your part if, in such cases, you will kindly report the facts to the Company, giving as many details as you have at hand. We assure you that such reports will receive prompt attention and careful consideration.

We are dependent upon the co-operation of our subscribers to a great extent for the rendering of satisfactory service, and for the proper working of their telephone instruments, and we request that you notify the Manager if your telephone is not working properly.

MOVING AND DISCONNECTING OF TELEPHONES

For moving telephones, we request subscribers to give us at least ten days' notice. When sufficient notice is given we will fill the order on a specified date. If no particular date is stated the order will be completed as promptly as possible. On account of the great variation in requests, advance notice is very desirable.

Service will be promptly discontinued upon receipt of proper notice.

All orders should be addressed to the Manager.

ATTACHMENTS TO TELEPHONES

The telephone instrument is the property of the Telephone Company. It embodies all improvements essential to the furnishing of the highest grade of service to our subscribers. The attachment to the telephone line or instrument of any device, instrument or appliance of whatever character not furnished by this Company is entirely unnecessary and interferes with the service. Therefore, in the interest of good service, subscribers are requested not to permit the use of such attachments. Further, the protection of the service requires that when such attachments are found they be immediately removed.

DIRECTORIES

This directory is the property of The Mountain States Telephone and Telegraph Company and is loaned to telephone subscribers for their convenience, and not as a part of any contract between the Company and any subscriber. Directories must be surrendered to the distributing agent, or destroyed, when the next ensuing issue is delivered.

The Company assumes no liability whatever because of errors or omissions in the directory or in its delivery.

The use of any covers, or the pasting of anything on the outside or inside of the directory will not be permitted.

The directory should be hung near the telephone, and calls should always be made by number.

This Company does not undertake to deliver messages, written or otherwise, and will not, under any circumstances, be responsible for their delivery.

Subscribers are cautioned against using their telephone numbers in advertising matter, as these numbers, from the necessities of the business, are liable to be changed from time to time. Party-line numbers are liable to be changed at any time upon very short notice, but to avoid confusion, such changes will be made as near as possible to the time of the distribution of a new telephone directory.

Always consult the Directory first.

Call Information ONLY for numbers you fail to find.

Long Distance Telephone Service

HOW TO PLACE LONG DISTANCE CALLS

FIRST—decide whether the lower priced Station-to-Station service can be used, or whether the higher priced Person-to-Person service is necessary.

TO PLACE A STATION-TO-STATION CALL

Ask for "Long Distance" and when the Long Distance operator answers, give her the details of your call, as in the following example:

"This is Main 678, George Davis calling Blank City, Colorado, I wish to speak to:

anyone at South 321, or
anyone at E. S. Smith's office in the Bank Building, or
anyone at the Acme Milling Company, or
anyone at E. S. Smith's residence.

TO PLACE A PERSON-TO-PERSON CALL

Ask for "Long Distance" and when the Long Distance operator answers, give her the details of your call, as in the following example:

"This is Main 678, George Davis calling Blank City, Colorado, I wish to speak to:

Mr. E. S. Smith in the Bank Building, or
anyone who will talk business, or
South 421, Ext. 120, or
The Manager of the Acme Milling Company."

ON ALL CLASSES OF LONG DISTANCE SERVICE THE OPERATOR WILL BE ABLE TO COMPLETE YOUR CALL QUICKER IF YOU CAN GIVE THE TELEPHONE NUMBER OF THE STATION OR PERSON CALLED

A BRIEF EXPLANATION OF THE VARIOUS CLASSES OF LONG DISTANCE SERVICE

STATION-TO-STATION CALLS are calls on which you ask to be connected with a certain telephone at a distant place and express your willingness to talk to *anyone* who may answer there.

Because less operating and circuit time is required, rates on Station-to-Station calls are lower, and quicker connections are possible than on Person-to-Person calls.

RATES—Day 4:30 A.M. to 7:00 P.M.
Evening 7:00 P.M. to 8:30 P.M.
About three-fourths of the day rate.
Night 8:30 P.M. to 4:30 A.M.
About one-half of the day rate.

No evening or night rate is reduced to less than 35 cents. If the day rate is 35 cents or less, the evening and night rates are the same as the day rate. The use of Station-to-Station day, evening and night rates is governed by the time of day at the calling station when the conversation commences.

PERSON-TO-PERSON CALLS are calls on which the calling party specifies a particular person to be reached at the called place "anyone who will talk business," or a particular station on a private branch exchange. Rates on Person-to-Person calls are higher than on Station-to-Station calls. Person-to-Person calls are not subject to reduced rates during the "Evening" or "Night" hours.

APPOINTMENT CALLS are provided for patrons who wish arrangements made in advance with the called person or station to talk at a specified time. Because of the increased operating and circuit time involved, the rates for this class of service are higher than the Person-to-Person rates.

MESSENGER CALLS are calls that require paid messenger service to call the designated

person to the telephone. The messenger call rate is the same as the Appointment call rate, plus the actual charges made by the messenger.

COLLECT CALLS are calls on which charges are to be paid by the called party. If you desire to have charges "reversed" you should make this request to the operator at the time you place the call, so that she can endeavor to obtain the consent of the called party before connection is established. When the reversal of charges is not accepted at the called station and the call is not completed, the regular report charge applies.

REPORT CHARGE. A limited charge, known as a report charge, is made on uncompleted Person-to-Person, Appointment, Messenger and Collect Calls, to partially compensate for the work performed on calls, which through no fault of the Company cannot be completed. No report charge is made when failure to establish connection is due to "busy," "don't answer," "out-of-order," "no telephone," "telephone discontinued" or similar condition at the called station.

The report charge does not apply to Station-to-Station calls except for uncompleted collect calls.

TALKING PERIOD. On Station-to-Station calls where the rate is 25 cents or less the initial talking period is five minutes. The overtime periods range from five minutes to one minute according to the initial rate, and the overtime rate is 5 cents per period.

On Station-to-Station calls where the rate is more than 25 cents, and on all Person-to-Person, Appointment and Messenger calls, the initial talking period is three minutes. The overtime period is one minute and the overtime rate is approximately one-third of the initial rate.

"EFFICIENT PUBLIC SERVICE"
