FRONT COVER ILLUSTRATION

The illustration on the front cover is that of an abandoned homesite of a vanished race, the Cliff Dwellers, located in Mesa Verde National Park, 58 miles southwest of Durango. One is filled with awe as he contemplates the ruins left by these people; the splendid masonry of their homes, ceremonial kivas and their implements show them to have been of a highly civilized order. Competent guides are available to visitors who desire to relive a romance of primitive life, bequeathed by this people over 800 years ago. Don't miss Mesa Verde.

Out-of-Town Calls

As Easy

As Calling Local Numbers

Tell the operator—

1. The city or town you want.
2. The out-of-town telephone number, if available, or the name under which it is listed.

For example—

“I am calling Omaha—Walnut 3456”

(If you do not know the telephone number)

“I am calling Omaha—Anyone at Mr. J. Lowell’s residence, 34 Blank Street.”

This is a station-to-station call because you have not asked the operator to get a particular person to the telephone.

When you want to reach a particular person simply give the operator the same information as above and the name of the person you want. This is a person-to-person call.

Nine out of ten out-of-town Calls are completed while you hold the line.

NIGHT RATES apply from 7:00 P. M. to 4:30 A. M. and all day Sundays.

*Station-to-Station rates of 25 cents or less are for a five-minute initial talking period; all other rates are for a three-minute initial talking period.

Above rates do not include tax.

REVERSING CHARGES

If you wish to reverse the charges on a call, tell the operator when you place the call.

If it is a station-to-station call and the rate is less than 20 cents, the reverse charge is made at the person-to-person rate to that point.

APPOINTMENT CALLS

A definite time for conversation may be specified in placing person-to-person calls. There is no extra charge for this service.

MESSENGER CALLS

If the called person does not have telephone service the telephone company will send a messenger. A small additional charge for this service is added to the cost of the telephone call.

REPORT CHARGES

A report charge is made on uncompleted person-to-person, appointment, and messenger calls on which a definite report about the called person is obtained, when for reasons beyond the control of the telephone company the call cannot be completed.

OUT-OF-TOWN TELEPHONE SERVICE *for* BUSINESS

Our representative may be able to suggest many profitable uses of out-of-town service particularly suited to your business, some of which are:

Buying on a fast moving market to take advantage of price fluctuations.

Selling in the face of competition, where speed and personal contact are necessary.

Collecting overdue accounts where other methods have failed.

Securing credit information and checking on credentials.

Keeping in touch with the market and receiving price changes.

Exchange of information between home office and branches.

Handling salesmen in the field and controlling routes.

Keeping in close contact with customers and prospects.

General business administration.

Our business office will supply the telephone numbers of your out-of-town business connections.

OUT-OF-TOWN TELEPHONE SERVICE *for* SOCIAL USES

The telephone is the most personal and satisfactory way of sending greetings, congratulations, invitations and condolences, for making reservations when traveling, inquiring as to the well-being of friends and relatives, and keeping in touch with members of the family away from home.

A telephone call is next best to being there in person. It gets an answer immediately and it avoids delays, inconvenience and misunderstandings.

GENERAL INFORMATION

For Out-of-Town Calls.....	See Page 2
To report telephone out of order.....	Call Repair Service
To report service irregularities or to obtain assistance.....	Call Chief Operator
For numbers not listed in this directory.....	Call Information
For all other purposes, or if your requirements are not met by calling as outlined above.....	Call Manager

SERVICE DIFFICULTIES

In its endeavor to furnish satisfactory telephone service, the Company necessarily depends to a large extent upon the cooperation of its customers. Therefore, we urge you to report promptly, by telephone, all service irregularities and the existence of worn and defective apparatus such as broken mouthpieces, frayed cords, loose wiring, etc. These repairs and replacements are made **WITHOUT CHARGE**.

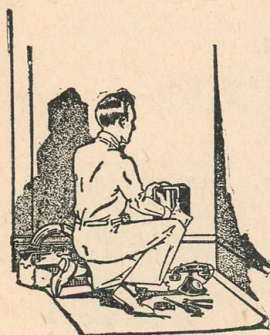

SERVICE SUGGESTIONS

After you place a call, be sure to allow what you consider a sufficient length of time to enable the called person to reach his telephone, before concluding there is no one there to answer.

When your telephone bell rings, answer as promptly as possible by announcing your number or name.

Be sure the receiver is properly restored at the close of a conversation. Otherwise your line may be "out-of-order" when someone is trying to call you.

APPLICATIONS FOR NEW SERVICE, MOVES AND CHANGES

If you want a telephone installed or moved, or if you want any changes in your present service, we shall be glad to make a definite appointment to handle your order at a time convenient for you; and the work will be done by us with the greatest possible diligence. Just call our business office.

CHANGES AND ERRORS IN DIRECTORIES

No liability shall attach to or be assumed by the Company for any errors or omissions in the compiling, printing or distributing of its directories. In order that the directory records may contain correct listings at all times notification of changes or errors should be given at once at the Business Office of the Company.

ATTACHMENTS TO DIRECTORIES

The usefulness of the directory is impaired if an outside cover is used, or if anything is pasted on the outside or inside of the book. For this reason, such attachments must not be permitted.

ATTACHMENTS TO TELEPHONES

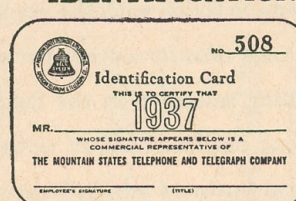

The equipment, apparatus, and lines furnished you have been designed to produce the best telephone results. No instrument, appliance nor device of any kind not furnished by the Telephone Company shall be attached to or in any way used in connection with such telephone equipment, apparatus and lines. You are requested, therefore, not to use or permit the use of such instruments, appliances or devices. The Telephone Company reserves the right to remove such devices, when found, in order to protect the telephone service.

ADVERTISING TELEPHONE NUMBERS

Many subscribers find it convenient and profitable to use their telephone numbers on stationery and business cards, as well as in their advertising. We encourage this practice, but it should be understood that the assignment of the telephone number does not vest in the subscriber a property right thereto.

We exert every effort to avoid changing telephone numbers, but the needs of the service occasionally compel us to do so. Obviously, when you display your telephone number, the value to you, and to the service as well, depends upon the number being carried correctly at all times. Therefore, in the event your number is changed, it is suggested that corrections be made as promptly as possible.

IDENTIFICATION OF EMPLOYEES

All employees who are authorized to represent this Company are furnished with identification cards similar to the accompanying illustration bearing the name and signature of the employee.

Subscribers are requested to refuse access to their premises to anyone who cannot in this way identify himself.

HOW TO SEND TELEGRAMS AND CABLEGRAMS BY TELEPHONE

To file a telegram or cablegram by telephone follow the instructions given in this directory under the name of the particular Telegraph Company desired.

IMPROPER LANGUAGE

Profane or obscene language over the Company's wires is prohibited. Subscribers are responsible for the enforcement of this rule. Failure to observe this will constitute cause for discontinuing service.
