Be the Backbone of the La Plata County Historical Society

Our members are the heart and strength of the La Plata County Historical Society. Your support ensures that we can continue preserving and sharing the rich history of our region.

Why Membership Matters:

- **Support** – As a member, you empower the Animas Museum to offer exhibits, webinars, lectures, school tours, and history trunks. Your advocacy helps keep La Plata County’s history alive for both the community and visitors.
- **Strength** – Your commitment inspires us! Members who value authentic history encourage our dedicated staff and volunteers to continue their important work.
- **Stability** – Did you know that 67% of non-profit funding comes from individuals? While we seek grants and sponsorships, our members provide the essential foundation that keeps our collections protected, our staff supported, and the museum’s doors open.
- **Exclusive Access** – As a member, you gain access to our research database and receive *Artifacts*, our informative newsletter. You’ll become one of the most knowledgeable voices in our community about its rich history.

Join Us Today!

By becoming a member – or renewing your membership – you strengthen the Animas Museum and help us share the past in ways that shape the future.

Thank you for your support. We look forward to welcoming you as a valued member!
